#### PAVING SOLUTIONS

## WHY JAISENS?

#### PRODUCT QUALITY

All products are formulated and manufactured keeping quality as the foremost priority. Our products are tested and certified at the top technical institutes of the country.

#### IMMEDIATE DELIVERY

We understand that construction speed is your priority. We deliver in minimum lead time and promise no waiting due to unavailability of materials. All materials are manufactured and stocked locally and can be made available at your door-step.

#### COST COMPETITIVE

Our products are tailored to give the best technical performance at the least cost! Local manufacturing helps reduce unnecessary transport costs to your site.

#### 24X7 TECHNICAL SUPPORT

Our technical team of civil engineering and material science experts is available online and on-site 24X7 to help your project managers deliver the best construction quality.

#### PRODUCT CUSTOMIZATION

Our R&D team can customize the products to suit your requirements and your budget!

## “Greetings from Jaisons Construction Solutions !

Jaisons is a reputed brand providing products and solutions for the building construction industry for the last 30 years. The quality and performance guarantee of our products is a result of our in depth knowledge of the construction industry, state of art manufacturing facility well equipped with quality control systems and our vast experience. ”

In this report, we present unique products from Jaisons specifically catering to the requirements of residential construction projects. Our offerings are well suited for all stages and details of your project – right from the footing to the top terrace!

Special focus has been put on providing economically competitive products while maintaining superior technical characteristics.

PRODUCT	DESCRIPTION AND BENEFITS
<b>TILING SOLUTIONS</b>	
DECK CEM	Deck Cem is the mineral binder for underlay screeds. Screeds with Deckcem and Crushed sand (1:4 to 1:6) do not require curing!
DECK TILE GREY	A high polymer, Type 2 (Advanced) cementitious adhesive for fixing tiles and stones.
DECK TILE WHITE	White coloured variant of DECK TILE- for fixing marble.
DECK GROUT	Cementitious grouts of Type 2 (Improved). Available in 24 assorted shades.
DECK GROUT EP	Epoxy grout for joints demanding high mechanical and chemical resistance. Available in 24 assorted shades. Shade can also be customized to match your tile!
<b>PLASTERING SOLUTIONS</b>	
DECK MORTAR	High performance, river-sand based ready-to-use plaster. Eliminates the need to get sand, cement and mix them on site. Highly recommended for increased productivity and low wastage.
DECK BOND XP	Chemical bonding agent for gypsum plaster. Application of DECK BOND XP over block work/RCC eliminates the need of hacking and gives superb adhesion to gypsum plaster.
SPRAYBOND	Spraybond is a unique, spray-applied high adhesion, high strength bonding coat recommended for ceilings. Replaces plaster over ceilings.

PRODUCT	DESCRIPTION AND BENEFITS
<b>WATER-PROOFING SOLUTIONS</b>	
DECK CRETE	Deck Crete is a highly effective, economical and easy to use crystalline penetration product for water-proofing wet areas, lift pits and terraces.
MICROCONCRETE	high strength mortar– Microconcrete is the best material to repair and make wall-floor joints water-proof. These are the most prone junctions to leakage in typical bathrooms and toilets.
DECK ADMIX	Integral water-proofing admixture to be added while doing the concrete to make it water-tight. Deck Admix substantially eliminates the need for further water-proofing treatment!
DECK FLEX	High concentration liquid polymer to be added in traditional water-proofing methods like brick-bat coba.
DECK PLUG	Plug live leakages with Deck Plug in less than 6 minutes! Deck Plug is a fast-setting water-stop.
SEALSTRONG CC	Looking for a sealant for core-cuts? Sealstrong CC is the best-in-class and most easy to use sealing option for pipe-sealing and making core-cuts water-tight.
<b>CAR PARK SOLUTIONS</b>	
PARKSURF	Unique system for car parks and driveways in place of conventional options like tremix or paving tiles
<b>PAVING SOLUTIONS</b>	
PERVIPAVE RB	Pervipave resin bound pervious paving system is a highly attractive alternative to dull, bland paving options like concrete, tiles or paver blocks. Pervipave resin bound paving is the new, (some adjective) approach to paving which is highly attractive as well as durable.
